We're not sure...

Like it, want to do it, but don't know if it would work.

Love it! This is what we need!

**Exploration – (1 day)**

We will host an engaging workshop with a group of your stakeholders. We will outline the model, how it works and its potential for impact. We will gather people's thoughts and get everyone's input and ideas.

**Exploration and Investigation (minimum 5 days)**

This includes the same work carried out in Exploration plus...

- Looking at your local reform plans & how the approach could help.
- Identifying your stepping stones and road blocks to implementing Local Area Coordination.
- Exploring cross system funding opportunity and preparing a business case.
- Establishing the early stages of a project plan including leadership group structure and key milestones, if you were to proceed.

**Exploration, Investigation and Implementation (Circa 30 -40 days)**

This will include the same work carried out in Exploration and Investigation plus all the additional support required to fully implement the model including:

- Identifying suitable places to start and grow.
- Supporting the involvement of people from those identified communities.
- Nurturing your Local Area Coordination leadership group.
- Developing a robust and effective monitoring and evaluation approach.
- Developing required communications.
- Supporting the development of the numerous partnerships.
- All aspects of Coordinator recruitment.
- Induction, training and supervision / support development.
- Establishing effective peer support approaches.
- Connecting people with regional and national Network members.

No, not right for us
